Boston's Pros Give the Best Tips for Spring Organizing

By Madison Duddy | February 22, 2021 | [Style & Beauty](#)

Expert Stasia Steele organized this master closet in Duxbury

Over the past year, homes became offices, classrooms, gyms, restaurants and the site of almost every activity. Spending day after day in one space has probably made you realize that you need to ditch the clutter. Thankfully, Boston's best professional organizers are here to offer their expert advice to get you started.

The Expert: Heidi Solomon, POSH Boston

The Tip: Color coordinate

"In today's full and busy lifestyles, people tend to forget what they can't see. Organize by color, using clear bins or containers with labels to help jog your memory about what goes where. The easiest solutions to follow are the ones that don't require any thinking. If it's too complicated, it will fail. Keep it simple." 857.204.6240, posh-boston.com
